Notes: each company's own margin measure (last column), so levels are not like-for-like. Change versus the same period last year in bps; green / red = margin up / down. The outlined column is Q2 2025.

Notes: [1] Emerson's financial year ends on 30 September, so its quarters are offset from the calendar. Quarters are shown as Emerson labels them. [2] Danfoss is not listed on a stock exchange (owned by the Danfoss family and the Bitten & Mads Clausen Foundation), so it has no share price; it is included because it publishes audited financial results, half-year and full-year only.
